

Layout Widgets

- **Scaffold**
→ Provides the basic structure (App screen, Drawer, Body)
 - **SafeArea**
→ Ensures UI does not overlap with system areas (notch, status bar)
 - **SingleChildScrollView**
→ Makes the screen scrollable for better UX
 - **Column & Row**
→ Used for vertical and horizontal layout arrangement
 - **Padding & SizedBox**
→ Used for spacing and alignment
-

UI & Styling Widgets

- **Container**
→ Used for styling (background, border, gradient, radius)
 - **Card**
→ Displays expense/income entries in a clean card format
 - **ListTile**
→ Shows each transaction with icon, title, subtitle, and actions
 - **CircleAvatar**
→ Displays user profile image
 - **Icon & Text**
→ Used throughout UI for content display
-

Data Visualization

- **PieChart (from fl_chart)**
→ Displays category-wise expense distribution visually
→ Improves understanding of spending patterns
-

Interactive Widgets

- **ElevatedButton & IconButton**
→ Used for actions like Add, Edit, Delete, Refresh
- **GestureDetector**
→ Used for custom taps (toggle between Income/Expense, filters)
- **Drawer**
→ Provides navigation menu (Profile, Add Income, Logout)

List Rendering

- **ListView.builder**
→ Dynamically displays expense/income history from database

Features Implemented

Authentication

- Implemented using
Firebase Authentication
- Supports:
 - Login
 - Logout
 - User session management

Database Integration

- Used
Cloud Firestore
- Stores:
 - Income data
 - Expense data
 - User profile

Expense & Income Management

- Add Income
- Add Expense
- Edit entries
- Delete entries

Fully dynamic CRUD operations

Filtering Feature

- Filter data by:
 - Day
 - Week
 - Month

Improves data analysis

Analytics (Pie Chart)

- Category-wise expense visualization
 - Percentage calculation
 - Color-coded categories
-

Real-Time Updates

- UI refreshes automatically after:
 - Adding
 - Editing
 - Deleting data
-

User Profile

- Displays:
 - Username
 - Profile image
 - Data fetched from Firestore
-

UI/UX Features

- Gradient backgrounds
- Color-coded categories
- Responsive layout
- Clean and modern design
